### **DETAILED ACTION**

This action is responsive to the amendment filed 6/24/2008, which has been entered.

Claims 23-29 are allowed.

#### ***Drawings***

1. The drawing corrections were received on 6/24/2008. These drawings corrections are accepted by the examiner.

#### **Drawing Amendment**

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figs 1-3 must be labeled as "Prior Art". In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

#### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipated or render obvious the combination of a bearing unit set forth in claim 23 and most significantly requires a housing having the space-forming member in the inside, the housing being hermetically sealed except a shaft receiving hole through which the shaft is made to extend, viscous fluid filled in the housing; and a communication passage way arranged between the space-forming member and the radial bearing so as to make the end in the thrusting direction of the shaft projecting from the radial bearing and the other end of the shaft communicate with each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marcus Charles whose telephone number is (571) 272-7101. The examiner can normally be reached on Monday-Thursday 7:30 am to 6:00 pm.
